

Boulder City Council

City Council Goals

Transportation

Develop strategies to keep congestion at reasonable levels that maintain a liveable community. To generate consensus among and between the City Council and community about the specific transportation goals.

Affordable Housing

Create and preserve housing opportunities in order to promote an economically diverse community.

Environmental Sustainability

To enact and pursue city policies that cause the Boulder community to become a nationwide environmental leader among communities. The city will be a role model of exemplary environmental practices.

Economic Sustainability

Consistent with community goals and character, encourage a strong sustainable economy to fund quality city services for all citizens.
